

DELHI PRIVATE SCHOOL , RAK

JANUARY 2025

Presenting the Delhi Private School
Newsletter for January!
Explore our vibrant learning
community, showcasing a wealth
of talents, achievements, and
inspirations.

VISION

We aspire to be a
happy school where
all students are
facilitated to be the
best versions of
themselves.

PRINCIPAL'S CORNER

Dear Parents, Students, and Staff,

What an electrifying start to 2025 we have had!

January was nothing short of extraordinary, filled with moments of brilliance, passion, and school spirit.

Our Kindergarteners amazed us with their boundless curiosity during Little Einstein, proving that the love for learning starts young. The Kinder Fun Races brought joy and energy to the field, with our little athletes dashing towards fun and fitness.

Our Annual Day, Zenith was a true spectacle! The stage lit up with breathtaking performances, mesmerising storytelling- Chronicles of Noor, and an unforgettable display of talent. With over 100 students performing, the evening was a grand celebration of knowledge, innovation, creativity, resilience, and excellence. The event was further elevated by the distinguished presence of high-profile dignitaries, whose appreciation and encouragement made the occasion even more special. Their words of praise and admiration for our students reinforced our school's vision of excellence and aspiration.

Our non-performers from the Annual Day were provided with an opportunity to shine, on Sports Day demonstrating their agility, teamwork, and sportsmanship. The excitement was contagious as they competed with zeal and determination.

Academics and innovation took centre stage with Technophile 3.0, where young minds from Grades 1-8 battled it out in a thrilling interschool tech challenge, showcasing creativity, problem-solving, and futuristic thinking. Our students bagged the key positions by competing with several other participants from different schools, proving their competitive and problem-solving skills.

As we step into February, we embrace a month of reflection and discipline with the arrival of the Holy Month of Ramadan. This sacred time encourages kindness, gratitude, and inner strength—values we nurture in our school community. Alongside this, students will be gearing up for their examinations, a crucial time to apply their hard work and dedication.

With focus, perseverance, and the right mindset, we are confident our students will excel in all they do. Let's continue this year with the same energy and enthusiasm, striving for even greater heights!

Wishing everyone a successful and fulfilling month ahead!

Warm regards,

Deepa Vinod

Principal

LITTLE EINSTEIN'S DAY

Our Kindergarteners had an exciting time at Little Einstein's Day!
With parents joining in, the hands-on science activities sparked curiosity and created joyful, lasting memories.

ANNUAL DAY - ZENITH

REALM OF KNOWLEDGE

Realm of Knowledge highlighted Greta Thunberg's inspiring journey in youth activism, emphasizing the urgent need for climate action. Her story encouraged global efforts toward sustainability and environmental responsibility.

REALM OF UNITY

Students celebrated cultural diversity representing the UAE Global Village event, part of the Realm of Unity series. The event featured vibrant performances, including a mesmerizing Emirati dance at the UAE Pavilion, a fiery Flamenco at the European Pavilion, an energetic Bollywood tribute at the Indian Pavilion, and dynamic African storytelling through movement. It was a true celebration of cultural unity and global heritage.

REALM OF RESILIENCE

The Realm of Resilience performance paid tribute to Michael Jordan, showcasing the power of determination and perseverance. Our students demonstrated that setbacks are merely steppingstones to success each missed shot fuelled a stronger comeback, and every fall led to a quicker rise. Like Jordan, they proved that true champions aren't those who never fail, but those who never quit.

REALM OF INNOVATION

Realm of Innovation

The stage opens in a dimly lit workshop, where a young girl battles frustration as her dream of building a robot seems out of reach. Yet, with determination, she starts over—learning, experimenting, and rising after every failure. As the lights brighten, her robot comes to life, earning thunderous applause. Her journey embodies the spirit of innovation: dreams aren't just built—they're achieved through perseverance and resilience, one step at a time.

TECHNOPHILE 3.0

Technophile 3.0: A Celebration of Innovation!
Delhi Private School, RAK, hosted Technophile 3.0, an inter-school AI and Robotics competition on "AI in Healthcare." Young innovators from across the UAE showcased transformative tech solutions for the future of medical care.

SPORTS FIESTA

Delhi Private School, RAK, hosted a dynamic Sports Day event, providing an opportunity for students not participating in the Annual Day to showcase their athletic talents. The event emphasized teamwork, sportsmanship, and the importance of physical activity.

SPORTS FIESTA

REPUBLIC DAY

Our esteemed Director, Mr. Dhinesh Kothari, had the honor of meeting His Highness during the Indian Republic Day celebrations in RAK.

Delhi Private School, RAK, celebrated the 76th Republic Day with a special assembly for Grades 1 to 9, featuring vibrant cultural performances. The event honored India's rich heritage and the values of justice, liberty, and equality. The Principal's inspiring message encouraged students to uphold these principles, filling the day with pride and patriotism.

FOOD DONATION

"Helping Hands"

Spreading the Joy of Giving,
Our students took part in a charity initiative, donating food to spread the spirit of generosity and make a positive impact in the community.

ART AND CREATIVE ZONE

Roots of Tomorrow

In the quiet hum of dawn's first light,
The earth stirs softly, a hopeful sight.
A whisper flows through the leafy green,
Of future days that we've yet to glean.
A seed is planted, deep in the soil,
Where hands of care refuse to toil.
The earth we nurture, it nurtures back,
A circle, unbroken, a timeless track.
The winds may change, the tides may rise,
But we can choose to harmonize.
From mountain peaks to ocean blue,
The planet's pulse is ours to renew.
Let's tread with kindness, leave no trace,
Together we can find our grace.
For what we sow, the world shall see,
A harvest born of harmony.
So, let's embrace the light we share,
A future bright, a planet fair.
Through mindful choices, hearts entwined,
A sustainable world is redefined.

AYAAN HUSSAIN,
VIIB,
D.P.S.-RAK.

Moonlit Night, Earthly Delight

The moon casts its silver glow,
On a world both dark and low,
The stars above, a twinkling sea,
Reflecting all, in harmony.

The trees sway gently, a lullaby,
As the wind whispers, a soothing sigh,
The earth below, a verdant shore,
Where nature's beauty, we ask for more.

In this peaceful night, I find my soul,
A connection to the earth, making me whole,
The beauty of nature, a treasure rare,
A gift to cherish, beyond compare.

JIYA SHAH-8A

A decorative border of black floral and leaf motifs surrounds the text. At the top and bottom, there are horizontal flourishes with a central square ornament. Two smaller horizontal flourishes are placed above and below the title.

A BOND BEYOND TIME

Beneath UAE's golden skies,
And India's hills where rivers rise,
Beauty dances, bold and free,
Yet history whispers, "There's
more to see."

Pearls and spices crossed the tide,
Where trade and stories intertwine,
Minarets gleam, temples endure,
A legacy ancient, vast, and pure.
Sands and banyans, stars and
streams,
Carry the weight of shared dreams.
More than beauty, deeper it lies—
A bond eternal, where history
sighs.

Teachers' Corner

Annual Day : More Than a Performance

Annual Day is more than just a dramatized performance or a stage event; it's a true reflection of the importance of coming together as a community to celebrate growth, creativity, and teamwork.

Take, for instance, a group of boys who, at the start, were hesitant and unmotivated during rehearsals. With consistent support, motivation, and intensive practice sessions with teachers, they gradually transformed. Guided by innovative ideas and encouragement from their mentors, they delivered one of the best performances of the entire event—a true testament to the power of perseverance and teamwork.

Another inspiring story is of a few students who didn't have a single dialogue to deliver but played significant roles on stage. Initially shy and timid, they embraced their positions with confidence, proving that presence and participation are as impactful as words. This experience gave them an opportunity to overcome their fears and shine in their own unique way.

Participating in an Annual Day event instills invaluable qualities such as patience, resilience, and adaptability. From rehearsals to the final performance, students learn to take feedback constructively, striving to improve and become their best selves. It's a journey of discovery—realizing their potential, refining their abilities, and embracing the art of collaboration.

These programs are not merely about being on stage; they are about stepping out of comfort zones, forming new friendships, and learning from one another.

The transformation is evident when we see them after the program. They exude confidence, a sense of achievement, and a renewed enthusiasm for what lies ahead. Annual Day is not just an event; it's an immersive experience where teaching and learning go hand in hand, preparing students for the larger stage of life.

"Success is the sum of small efforts, repeated day in and day out." –

Robert Collier

As the exams draw near, the focus on achieving success can feel intense. As the exams approach, it's important to remember that the journey to success is not just about chasing marks, but about building habits that lead to lasting growth.

Starting early, staying consistent, and focusing on understanding the material rather than memorization will make all the difference. Remember, exams are an opportunity to showcase the hard work you've put in, not just the outcome. The discipline and dedication you develop now will serve you far beyond the exam hall. Stay focused, work diligently, and the results will follow.

Take the time now to plan your study schedule, focus on understanding concepts rather than cramming, and seek help when needed. Every small effort adds up, and consistency is key.

"Class 10, the path to success is built on your dedication and perseverance. Keep your focus, trust in your preparation, and approach each day with confidence.

You are capable of achieving greatness, and this is just the beginning of your journey. Believe in yourself—success is within your reach!"

As the first batch of Delhi Private School students, you have the unique opportunity to set the standard for future classes.

On behalf of all your teachers, we send our heartfelt prayers and best wishes for your success. May you be blessed with excellent results in your exams, reflecting the dedication and effort you've put in.

Dr . Bini Das
Secondary Head

Ramadan Mubarak

Greetings from the Islamic Education Department

With the arrival of the holy month of Ramadan, we take this opportunity to wish everyone a Ramadan filled with peace, blessings, and spiritual growth. Ramadan is a time for self-discipline, reflection, and kindness, where we draw closer to Allah and show empathy towards others.

May these sacred occasions bring harmony, unity, and countless blessings to all. Ramadan Mubarak and may the lessons of Al-Isra and Al-Miraj continue to inspire us!

Ramadan: A Month of Blessings and Reflection

As we welcome the holy month of Ramadan, Muslims around the world prepare for fasting, prayer, and acts of kindness. Ramadan is a time of spiritual renewal, self-discipline, and gratitude. It encourages us to strengthen our relationship with Allah through worship and reflection. The fast, from dawn to sunset, reminds us of the less fortunate and nurtures empathy and generosity in our hearts.

May this Ramadan bring peace, joy, and countless blessings to all. Let us embrace its spirit with devotion and unity, drawing closer to Allah and each other. Ramadan Mubarak!

Mr. Mohammad Hassan
Islamic Department

THE POWER OF OPTIMISM: A PATH TO GROWTH AND SUCCESS

Optimism is one of the most crucial yet frequently underestimated qualities in life. It is easy to overlook the profound impact optimism can have, but just like waking up and feeling energized, optimism shapes our mindset, influences how we approach challenges, and fosters resilience in the face of adversity. It's that unwavering belief that things will improve, even when circumstances seem daunting.

Optimism is not about ignoring difficulties or pretending that everything is perfect; rather, it is about focusing on possibilities, solutions, and growth. Just as a seed requires nurturing to bloom, optimism nourishes our mindset, helping us remain steadfast and pushing us to continuously pursue our potential.

For students, optimism is a driving force in overcoming academic challenges, navigating peer relationships, and handling personal obstacles. It instils the perseverance to continue progressing, understanding that every step forward, no matter how small it contributes to their overall development.

For teachers, optimism plays a vital role in fostering an environment of encouragement and creativity. It allows educators to inspire students with patience and adaptability, cultivating a classroom atmosphere where learners feel empowered to explore, take risks, and embrace failure as a learning opportunity.

For parents, the power of optimism is just as transformative. By modelling a positive mindset, parents can impart valuable life lessons, showing their children that setbacks are not roadblocks, but stepping stones on the path to success. An optimistic perspective strengthens family bonds, promotes emotional well-being, and cultivates a sense of security and hope, reassuring children that they have the resilience to face whatever comes their way.

In a world that can often seem uncertain, choosing optimism has the potential to reshape our perspectives and approach to life. It is not merely a fleeting emotion but a mindset that fosters growth, builds confidence, and creates an environment of possibility. Let us embrace optimism—not only for our own benefit but for the well-being and development of those around us.

It is the cornerstone upon which we can all thrive.
